manufacturer part# 62244

gtin 4010264622449

packaging: 1 gal plastic container

Features and benefits:

- Fully compatible for use on Pallmann Magic Oil 2K finish
- Easy to dilute, 1 gallon of concentrate makes 8 gallons of "ready to use" cleaner
- Exclusive neutral pH waterbased streak-free formula
- Great for cleaning waterborne, solvent polyurethane and Swedish finishes
- Leaves absolutely no residue
- No caustic or abrasive ingredients
- Makes 8 gallons of ready-to-use cleaner
- For residential, commercial and large scale area use.

Directions for use:

- Sweep, dust mop or vacuum before cleaning with Pallmann Wood Floor Cleaner.
- Spray or mist a 4'X6' area of your floor with the cleaner and wipe with a pre-dampened micro ber mop. Wetting the mop helps loosen dirt on the floor surface and quickens the cleaning process. It is recommended to rinse your mop as it gets soiled during the cleaning process to avoid leaving a muddy residue behind.

- To clean, simply move the mop back and forth. For stubborn spots, sticky spills and shoe marks, spray cleaner directly on the soiled area and wipe with a clean cloth or mop pad by hand if necessary.
- For large areas, mix PALLMANN Hardwood Floor Cleaner Concentrate in a commercial mop bucket at the recommended dilution ration (1:7).

Technical data:

- VOC: zero
- Scent: fresh lemon scent
- Cleaning tools: microfiber mop or lint-free cloth.

Precautions:

- PALLMANN Hardwood Floor Cleaner Concentrate is for use only on unwaxed surfaces including waterborne and solvent-based polyurethane and Swedish floor finishes. Do not apply undiluted concentrate directly to any floor finish; this may result in an undesirable visual effect of the finish surface.
