Description

DuraSeal Trowelable Wood Filler Red Oak is a safe, non-flammable, waterbased product for use across an entire wood floor. This product fills nail holes and covers other minor imperfections in bare and unfinished wood. It has a fast dry time, blends and adheres well to wood, sands easily and absorbs stain similarly to wood.

see **DuraSeal Trowelable Wood Filler** [technical data sheet](#)

manufacturer part# 83205000

packaging: 3.5 US gallons plastic pail

Directions:

Surface preparation: surface must be free of dust, oil, wax and moisture.

Application:

- Pour moderate amount of DuraSeal Trowelable Wood Filler in needed area.
- Press filler into cracks and holes using an even-edge trowel.
- Allow to fully dry before doing final sanding.
- Sand surface to remove excess DuraSeal Trowelable Wood Filler.

Clean-Up:

Clean with water while Wood Filler is still damp.

Storage:

Keep containers tightly closed. Keep from freezing. If freezing occurs, thaw at room temperature for a minimum of 8 hours before using.
