### Description

**Shur-Line 9" Premium Teflon Pad Painter** provides a smoother finish than a roller and is faster than a brush. Great for small to medium areas for improved control and accuracy.

manufacturer part# 00745C-1

**Specifications:**

- pivoted handle for comfort and control
  - threaded to fit most extension poles
  - soft grip handle
  - locks for fixed positions
- 
- Coated with Teflon surface protector for one coat coverage and easy clean up
  - Thicker pad will help form to more textured exterior surfaces
  - Beveled edges permit accurate and consistent cut-in and trim
  - Makes any paint job faster, easier and more comfortable
  - For interior or exterior use
  - For smooth or rough finishes
  - Perfect for walls, cabinets, doors, small spaces and projects
  - Use with oil or water based paints, stains, urethane finishes, and sealers
