### Description

**Schluter Kerdi Shower Kit 32"x60" Stainless Steel Drain Cover - PVC** is an all inclusive package containing each of the components required to create a maintenance-free, watertight shower assembly without a mortar bed.

manufacturer part# KK81152PVCE

UPC: 4011832066856

Schluter-KERDI-SHOWER-ST/-SC are prefabricated substrates, made of expanded polystyrene foam, for tiled shower bases in conjunction with Schluter-KERDI waterproofing membrane and Schluter-KERDI-DRAIN. Schluter-KERDI-SHOWER-ST is a prefabricated, sloped shower tray that is specifically designed to accept the Schluter-KERDI-DRAIN and Schluter-KERDI waterproofing membrane.

tray dimensions: 32" x 60" (81 cm x 152 cm)

The integrated Schluter-Shower System eliminates the potential for leakage, efflorescence, and mold growth in the system, is maintenance-free, and dramatically reduces total installation time to ensure success and make shower installation easier than ever. Schluter prefabricated shower substrates provide an alternative to shower bases constructed of mortar. The shower tray and curb are especially useful in large-scale, repetitive jobs, such as hotels, apartments, and condominiums for the significant time savings that can be realized.

**Kit includes:**

- 1 pc KERDI-SHOWER-ST - shower tray, 32" x 60" (81 cm x 152 cm)
- 2 pcs KERDI-SHOWER-SC - shower curb, 48" x 6" x 4-1/2" (122 cm x 15 cm x 11.5 cm)
- 1 pc KERDI - Waterproofing membrane, 3' 3" x 33' (1 m x 10 m)
- 1 pc KERDI-BAND - waterproofing strip, 5" x 33' (125 mm x 10 m)
- 1 pc KERDI-DRAIN - stainless steel drain, with integrated bonding flange
- 4 pcs KERDI-KERECK-F - waterproofing corners – inside
- 2 pcs waterproofing corners – outside
