Gold Seal Stains

Gold Seal Stains are the result of careful selection of high quality resins. A unique blending process provides Glitsa stains with rich, vibrant tones which penetrates deep into wood grains.

Additionally, this formulation is effective for use under oil-modified polyurethanes as well as our waterborne finishes and beautiful Swedish finishes. Tests for compatibility should be performed when using anything other than Glitsa products.

Maintenance Products

Gold Seal Aerosol - A convenient aerosol top coat formulated to touch-up minor wear or scratches to existing Swedish finishes.

Glitsa Clean - A pH neutral waterborne cleaner formulated for cleaning and maintaining wood floors and interior wood surfaces.

Safeglide® Floor Protectors - Wool felt glides provide a buffer to keep furniture moving across floors easily, preventing scratches and premature wear.

Glitsa Maintenance Mop - Specially created for homeowner use. Keeping your floor beautiful is made easier with the swivel action mop head to reach tight spaces and the durable, lightweight aluminum pole. The mop glides effortlessly on floors with the reusable dust pad and cleaning pad included.

Glitsa is dedicated to providing floor finishing products of unequalled quality, durability and performance to flooring professionals.
