

MONOCOAT REFRESH

DESCRIPTION:

Rubio Monocoat Refresh is a ready-to-use revitalizing treatment oil that refreshes, restores and protects surfaces treated with **Monocoat Oil Plus**. **Refresh** is used when the surface feels and looks dry or rough in areas where the finish has worn due to heavy traffic. Maintenance with **Refresh** will replace the oil that has worn away and add protection to that area. When the color of the surface needs to be restored, we recommend a rejuvenation treatment with **Monocoat Oil Plus**, using the corresponding color of the treated surface.

INSTRUCTIONS:

- * Sweep or vacuum the floor.
- * Apply **Monocoat Refresh** on to the surface to be treated with a cloth or a buffer with a white pad. Use a minimal amount of the product to prevent the floor from becoming sticky.
- * Allow the product to react for five minutes.
- * Wipe the surface dry with a cloth, paper towel, or a cloth under a buffer with a white pad. Polish until the surface feels completely dry.
- * Work in zones that can be fully wiped dry within 15 to 20 minutes.
- * The surface can be walked on after 4 to 6 hours.

The product may NOT be diluted!

Cloths, saturated with oil, may spontaneously combust.

After usage, they need to be soaked in water before disposal.

COVERAGE:

1 liter = +/- 1,075 sq. ft.

TECHNICAL SPECIFICATIONS:

Oil

Unit weight: +/- 0,90

Color: opaque

Odor: specific

STORAGE:

Store in dry conditions and in the original packaging.

PACKAGING:

Available in 0.5 and 1 liter cans.
