Description

Basic Coatings StreetShoe Waterbased Wood Floor Finish (1 gal super-matte finish), the fastest curing finish on the market, is the industry benchmark for waterbased wood floor finishes. Available in four sheens. Ideal for all commercial and residential applications. StreetShoe Commercial Wood Floor Finish with XL Catalyst is a water based system formulated especially for high traffic wood floors. It provides a clear finish that remains unmatched in performance and durability. StreetShoe contains a special UV inhibitor that provides even more protection for your floor from the sun's harmful rays.
